

European Physics Olympiad 2026

Third Circular

Dear Friends and Colleagues,

40 countries have now been formally registered for EuPhO 2026 in Gothenburg, Sweden. The participating countries in the 10th European Physics Olympiad are

European countries			Guest countries	
Austria (AUT)	Estonia (EST)	Latvia (LVA)	Serbia (SRB)	Brazil (BRA)
Azerbaijan (AZE)	Georgia (GEO)	Lithuania (LTU)	Slovakia (SVK)	China (CHN)
Belgium (BEL)	Germany (DEU)	Luxembourg (LUX)	Slovenia (SVN)	Saudi Arabia (SAU)
Bosnia & Herzegovina (BIH)	Greece (GRC)	Montenegro (MNE)	Sweden (SWE)	Singapore (SGP)
Bulgaria (BGR)	Hungary (HUN)	North Macedonia (MKD)	Switzerland (CHE)	United States (USA)
Croatia (HRV)	Iceland (ISL)	Norway (NOR)	Türkiye (TUR)	Vietnam (VNM)
Cyprus (CYP)	Italy (ITA)	Poland (POL)	Ukraine (UKR)	
Czechia (CZE)	Kazakhstan (KAZ)	Republic of Moldova (MDA)		
Denmark (DNK)	Kosovo (XKX)	Romania (ROU)		

Invoices have been issued for all formally registered teams. The deadline for both invoice payment and submission of team details is April 15th. Team details should be submitted through this [form](#).

If you have any questions, please contact the EuPhO 2026 organizing committee at contact@eupho26.se. You can also find more information on our [website](#).

We look forward to welcoming you to Gothenburg in June!

Best regards,

Prof. Jaan Kalda

Tallinn University of Technology
President of EuPhO

Lic. Julia Järlebank

Swedish Physical Society
Chair of Organizing Committee

Dr. Anne-Sofie Mårtensson

University of Gothenburg
Vice Chair of Organizing Committee

CHALMERS

GÖTEBORGS UNIVERSITET

Teams and eligibility requirements

The competition is open for countries from Europe and beyond. Each country is eligible to send one team consisting of up to 5 students and 1-2 leaders; observers and/or visitors are also welcome. The host country is eligible to participate with a second team.

Similarly to IPhO, the competition is designed for high school students. The age of the contestants should not exceed twenty years on June 30th of the year of the competition, i.e. their 21st birthday should be after that date. We shall consider the age in years as a rounded digit with the floor function having been applied. In other words, if someone's 21st birthday is July 2nd, he/she is eligible.

Educational system varies from country to country, and in some cases the boundary between a high school and a university becomes vague. Per current definition, we consider a school where students have more than one third of lectures (in average per year) on topics related either to physics or mathematics to be equivalent to a university. However, if there are students in your team who come from schools which do not satisfy this criterion, but you feel that those students have not been taught University-level physics courses, please contact the Head of the Academic Committee to find a fair solution.

Leader and participant declarations

When registering team details, you will be asked to upload a signed Leader Declaration. The purpose of this document is to confirm that all participants are eligible to represent your country, and that all participants have been informed about and agree to the EuPhO Code of Conduct. The Participant and Leader Declaration templates have been sent to all formally registered teams by e-mail. If you have any questions regarding these declarations, the contact details of the Ethics Committee can be found on the website.

Visa

If you require a formal invitation letter for visa purposes for members of your delegation, please send a request to julia.jarlebark@chalmers.se.

Participation fee

According to the §6 of the EuPhO statutes, organizers provide accommodation for all the delegations for four nights; meals, and if needed, local transportation during the competition; tools and rooms for the examinations, moderations, and board meetings; experimental problem sets. The expenses are partially covered by the participation fees. The participation fee for the students and the first team leader is 350 EUR per person. For additional leader, observers and guests it is 420 EUR per person. Guest teams from other continents pay the full participation fee of 420 EUR per person.

Arrival and departure

We expect delegations to arrive in Gothenburg on June 12th. There are several different options to reach Gothenburg, by ferry, train or flight. Our team guides will meet you at either

- Gothenburg Landvetter Airport (GOT)
- Gothenburg Central Station
- Port of Gothenburg

and accompany the teams to the hotel for check-in. In case of late arrivals, the guides will bring you directly to the opening ceremony. The guides will also bring you back to the central station, airport or harbour for your departure.

Accommodation

Students, leaders and guides will be accommodated at the [Liseberg Grand Curiosa Hotel](#). Students will stay in four-bed rooms, while leaders and observers will stay in single or double rooms.

If you wish to stay additional nights at the same hotel, outside of the official program period June 12-16, you may request help from the organizers to book these nights. Note that any additional nights will need to be covered by your own organization. We kindly ask you to submit such requests as soon as possible.

Social Media

The official EuPhO 2026 Instagram page is now available at [@eupho2026](#). Follow the page for updates, announcements and glimpses from the preparations for the Olympiad in Gothenburg.

Important dates for EuPhO 2026

November 30 th 2025	Deadline for preregistration.
January 2026	Invitation to EuPhO 2026 and registration with confirmation of total number of people attending.
February 28 th 2026	Deadline for registration.
March 2026	Formal invitation letters for visa purposes are issued Invoice of the participation fee.
April 15 th 2026	Deadline for payment of participation fee and for submitting team details.
June 12-16 th 2026	EuPhO 2026 in Gothenburg, Sweden!

Preliminary program for EuPhO 2026

Date	Students	Leaders
June 12 th	Arrival 18.00-19.30 Opening ceremony 19.30-22.00 Welcome dinner	
June 13 th	9.00-14.00 Experimental exam 15.00-20.00 Boat trip to Brännö	5.00-8.00 Translation 10.00-20.00 Boat trip to Marstrand
June 14 th	9.00-14.00 Theoretical exam 14.30-21.00 Liseberg Amusement Park 21.00-22.00 Presentation of solutions	5.00-8.00 Translation 10.00-18.00 Vitlycke Rock Carvings
June 15 th	9.00 -17.00 Moderation 17.00-18.00 International Board Meeting 19.30-24.00 Midsummer themed Farewell Party	
June 16 th	10.00-11.00 Inspirational Physics Lecture, Anne L'Huillier 11.00-12.30 Closing ceremony 12.30-13.30 Lunch Departure
